## Research Participants Needed

We are investigating wearable device to help improve walking ability

## We are looking for healthy adults between the ages of 18 to 39 or 65+ years

Volunteers will participate in two sessions ( $2\sim4$  hours per session)

Location: University of Texas at Austin. Bellmont Hall, Gate 4, Fifth Floor, BEL 530

## **Potential Benefits**

The results of this study will be helpful to find rehabilitation methods for older populations to improve walking ability

## You may qualify if you:

- Are between the ages of 18 to 39 or 65+ years
- With no history of major medical problems
- Have not had leg surgery within the previous 5 years.
- Without cardiac pacemakers or electronic implants

This study has been approved by The University of Texas at Austin Institutional Review Board
